ITEM 5. MARKET FOR COMMON EQUITY, RELATED STOCKHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

There is a limited public market for our common shares. Our common shares are quoted on the OTC Market under the symbol "ATAO" although there has been no active trading market in our shares since inception. Trading in stocks quoted on the OTC Market is often thin and is characterized by wide fluctuations in trading prices due to many factors that may be unrelated to a company's operations or business prospects. We cannot assure you that there will be a market in the future for our common stock.

OTC Market securities are not listed or traded on the floor of an organized national or regional stock exchange. Instead, OTC Market securities transactions are conducted through a telephone and computer network connecting dealers in stocks. OTC Market issuers are traditionally smaller companies that do not meet the financial and other listing requirements of a regional or national stock exchange.

Number of Holders

As of May 29, 2020, 511,732,553 issued and outstanding shares of common stock were held by 74 shareholders of record.

Dividends

No cash dividends were paid on our shares of common stock during the fiscal year ended March 31, 2020. We have not paid any cash dividends since our inception and do not foresee declaring any cash dividends on our common stock in the foreseeable future.

ITEM 6. SELECTED FINANCIAL DATA

Not applicable.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with our financial statements, including the notes thereto, appearing elsewhere in this annual report. The following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Our actual results could differ materially from those discussed in the forward-looking statements. Our audited financial statements are stated in United States Dollars and are prepared in accordance with United States Generally Accepted Accounting Principles.

RESULTS OF OPERATIONS

We have incurred recurring losses to date. Our financial statements have been prepared assuming that we will continue as a going concern and, accordingly, do not include adjustments relating to the recoverability and realization of assets and classification of liabilities that might be necessary should we be unable to continue in operation.

We expect we will require additional capital to meet our long term operating requirements. We expect to raise additional funds through, among other things, the sale of equity or debt securities although no assurance can be given as to availability of funds or the terms thereof.

FISCAL YEAR ENDED MARCH 31, 2020 COMPARED TO FISCAL YEAR ENDED MARCH 31, 2019

Our net loss for the fiscal year ended March 31, 2020 was \$5,256 compared to \$70,064 for the fiscal year ended March 31, 2019. During fiscal years ended March 31, 2020 and March 31, 2019, the Company did not generate any revenue.

During the fiscal year ended March 31, 2020, we incurred general and administrative expenses of \$3,451 compared to \$68,020 during the fiscal year ended March 31, 2019.

Expenses incurred during fiscal year ended March 31, 2020 compared to the fiscal year ended March 31, 2019 decreased primarily due to decreased legal and other professional fees. General and administrative expenses generally include corporate overhead and financial and administrative contracted services.

The weighted average number of shares outstanding was 496,732,553 for the fiscal year ended March 31, 2020 and 288,350,127 for the fiscal year ended March 31, 2019.

As of March 31, 2020, our total assets were comprised of \$26 in cash and \$1,789 in advances and deposits. Stockholders' deficit was \$901,138 as of March 31, 2020.

As of March 31, 2019, our current assets were \$2,281 and our total liabilities were \$50,737. As of March 31, 2019, current assets were comprised of \$136 in cash and \$2,145 in advances and deposits. As of March 31, 2019, total liabilities were comprised of accounts payable of \$5,200, interest payable of \$1,372, loans payable of \$14,165 and a promissory note due to a related party in the amount of \$30,000. As of March 31, 2019, our total assets were comprised of \$136 in cash and \$2,145 in advances and deposits. Stockholders' deficit was \$895,882 as of March 31, 2019.

Cash Flows from Operating Activities

We did not generate positive cash flows from operating activities in the year ended March 31, 2020. For the fiscal year ended March 31, 2020 net cash flows used in operating activities were \$110 consisting of a net loss of \$5,256, increases of \$2,986 in accounts payable and \$1,804 in interest payable and a decrease in advances and deposits of \$356.

We did not generate positive cash flows from operating activities in the year ended March 31, 2019. For the fiscal year ended March 31, 2019 net cash flows used in operating activities were \$84,939 consisting of a net loss of \$70,064, decreases of \$12,748 in accounts payable and \$2,145 in advances and deposits and an increase in interest payable of \$18.

Cash Flows from Financing Activities

We have financed our operations primarily from either advances from shareholders or the issuance of equity and debt instruments.

For the year ended March 31, 2020 no cash was provided from financing activities.

For the year ended March 31, 2019 cash was provided by common stock issuances of \$100,000.

PLAN OF OPERATION AND FUNDING

We expect that working capital requirements will continue to be funded through a combination of our existing funds, advances from shareholders and further issuances of securities. Our working capital requirements are expected to increase in line with the growth of our business.

Existing working capital, further advances and debt instruments, and anticipated cash flow are expected to be adequate to fund our operations over the next six months. We have no lines of credit or other bank financing arrangements. Generally, we have financed operations to date through the proceeds of the private placement of equity and debt instruments. In connection with our business plan, management anticipates additional increases in operating expenses and capital expenditures relating to: (i) developmental expenses associated with a start-up business); (ii) acquisition of assets; and (iii) sales and marketing expenses. We intend to finance these expenses with further issuances of securities and debt issuances. Thereafter, we expect we will need to raise additional capital and generate revenues to meet long-term operating requirements. Additional issuances of equity or convertible debt securities will result in dilution to our current shareholders. Further, such securities might have rights, preferences or privileges senior to our common stock. Additional financing may not be available upon acceptable terms, or at all. If adequate funds are not available or are not available on acceptable terms, we may not be able to take advantage of prospective new business endeavors or opportunities, which could significantly and materially restrict our business operations.

MATERIAL COMMITMENTS

As of the date of this Annual Report, we do not have any material commitments.

PURCHASE OF SIGNIFICANT EQUIPMENT

As of the date of this Annual Report, we do not anticipate the purchase of any significant equipment.

OFF-BALANCE SHEET ARRANGEMENTS

As of the date of this Annual Report, we do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

GOING CONCERN

The independent auditors' report accompanying our March 31, 2020 and March 31, 2019 financial statements contains an explanatory paragraph expressing substantial doubt about our ability to continue as a going concern. The financial statements have been prepared "assuming that we will continue as a going concern," which contemplates that we will realize our assets and satisfy our liabilities and commitments in the ordinary course of business.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors & Stockholders'
Altair International Corp.

Opinion on the Financial Statements

We have audited the accompanying balance sheets of Altair International Corp. as of March 31, 2020 and 2019 and the related statements of operations, changes in stockholder's deficit, cash flows, and the related notes (collectively referred to as "financial statements") for the periods then ended. In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2020 and 2019 and the results of its operations and its cash flows for the periods then ended, in conformity with accounting principles generally accepted in the United States of America.

Going Concern

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note #2 to the financial statements, although the Company has limited operations it has yet to attain profitability. This raises substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters is also described in Note #2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit, we are required to obtain an understanding of internal control over financial reporting, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/S/ MICHAEL GILLESPIE & ASSOCIATES, PLLC
We have served as the Company's auditor since 2017.

NOTES TO THE FINANCIAL STATEMENTS
MARCH 31, 2020 and MARCH 31, 2019
AUDITED

NOTE 1 - ORGANIZATION AND BUSINESS OPERATIONS

Organization and Description of Business

ALTAIR INTERNATIONAL CORP. (the "Company") was incorporated under the laws of the State of Nevada on December 20, 2012. The Company's physical address is 6501 E Greenway Pkwy #103-412, Scottsdale, AZ 85254. The Company is in the development stage as defined under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 915-205 "Development-Stage Entities."

The Company is currently engaged in identifying and assessing new business opportunities.

The Company previously planned to engage in the distribution of oral thin film nutraceutical products. This plan was abandoned in the 2017 fiscal year due to a lack of working capital required to introduce the products to market.

Since inception (December 20, 2012) through March 31, 2020, the Company has not generated any revenue and has accumulated losses of \$901,138.

In management's opinion all adjustments necessary for a fair statement of the results for the interim periods have been made, and that all adjustments have been made to maintain the books in accordance with GAAP. Furthermore, sufficient disclosures have been made in order to ensure that the interim financial statements will not be misleading.

NOTE 2 - GOING CONCERN

These financial statements have been prepared on a going concern basis, which assumes the Company will be able to realize its assets and discharge its liabilities in the normal course of business for the foreseeable future. The Company has incurred losses since inception resulting in an accumulated deficit of \$901,138 as of March 31, 2020 and further losses are anticipated in the development of its business raising substantial doubt about the Company's ability to continue as a going concern. The ability to continue as a going concern is dependent upon the Company generating profitable operations in the future and/or obtaining the necessary financing to meet its obligations and repay its liabilities arising from normal business operations when they come due. Management intends to finance operating costs over the next twelve months with existing cash on hand and loans from directors and/or private placement of common stock.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America, and pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") and reflect all adjustments, consisting of normal recurring adjustments, which management believes are necessary to fairly present the financial position, results of operations and cash flows of the Company as of and for the years ending March 31, 2020 and 2019.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents.

The Company's bank accounts are deposited in insured institutions. The funds are insured up to \$250,000. At March 31, 2020 the Company's bank deposits did not exceed the insured amounts.

Basic and Diluted Income (Loss) Per Share

The Company computes loss per share in accordance with “ASC-260”, “Earnings per Share” which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive.

Income Taxes

The Company follows the liability method of accounting for income taxes. Under this method, deferred income tax assets and liabilities are recognized for the estimated tax consequences attributable to differences between the financial statement carrying values and their respective income tax basis (temporary differences). The effect on deferred income tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

Fair Value of Financial Instruments

FASB ASC 820 "Fair Value Measurements and Disclosures" establishes a three-tier fair value hierarchy, which prioritizes the inputs in measuring fair value. The hierarchy prioritizes the inputs into three levels based on the extent to which inputs used in measuring fair value are observable in the market.

These tiers include:

Level 1: defined as observable inputs such as quoted prices in active markets;

Level 2: defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and

Level 3 defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

The carrying amounts of financial assets and liabilities, such as cash and accrued liabilities approximate their fair values because of the short maturity of these instruments.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain reclassifications have been made to the prior period financial information to conform to the presentation used in the financial statements for the year ended March 31, 2020.

NOTE 4 - LOAN ADVANCES

On April 10, 2018, the Company entered into a non-binding Memorandum of Understanding with Dr. Judy Pham wherein Dr. Pham agreed to provide up to \$100,000 in equity financing to assist with a corporate reorganization including bringing the Company current in its regulatory filings. On completion of the reorganization and the issuance of capital stock in consideration for the funds advanced, Dr. Pham became the owner of 85% of the issued and outstanding common shares of the Company.

NOTE 5 – COMMON STOCK

On August 24, 2018 the Company filed an amendment to its Articles of Incorporation increasing the number of authorized common shares from 75,000,000 to 2,000,000,000 with a par value of \$0.001 per share.

The Company had 47,747,245 common shares issued and outstanding at March 31, 2018.
